Welcome to College Park Scholars’ 22nd Annual Academic Showcase!

We appreciate you joining us for a signature Scholars event. Nearly 700 sophomore Scholars are presenting today, on capstone projects that encompass an impressive array of research, internship, service-learning and study abroad experiences.

Scholars has taken over the entirety of the Edward St. John Learning & Teaching Center (ESJ) for this year’s Showcase—and adjusted the event format to best take advantage of this new venue. As you walk the floors of ESJ, you’ll encounter not only academic posters, but also platform talks, pitch presentations, multimedia projects, student-led discussions, galleries and other examples of student work.

We encourage you to visit all three floors and invite you to talk with students to learn more about their projects and what they’ve learned.

SOCIAL MEDIA
As you work your way through the event, please feel free to post messages on social using the hashtag #ScholarsShowcase. Be sure to tag us!
